

Resolution S13-007 – A Resolution to Accept A Report on Gym Hours and Renovation

Whereas the 2012 Graduate and Professional School Senate (GPSS) survey established broad (60%) dissatisfaction with Payne Whitney Gymnasium (PWG)

Whereas PWG is the only gymnasium available to all Yale Graduate and Professional (G&P) students

Whereas GPSS and GSA both advocate for improvements in “student life”

Whereas access to adequate gym facilities has been shown to strongly correlate with general well being and physical and mental health of a community

Whereas GPSS and GSA have jointly worked to conduct and compile research to define the source of this dissatisfaction and propose policy changes to address it

Therefore be it Resolved by the Graduate Student Assembly that the included report be approved for use in advocacy with Yale administrators to effect relevant policy changes
